- Started design document: *Rebecca Schofield (10:08, 09/07)*

- Wrote Section I of design document: *Brandon Jackson (16:30, 09/07)*

- Created high-level diagram for Phase II of design document: *Rebecca Schofield (20:00, 09/07)*

- Wrote Section III/Phase I of design document: *Alexander Huddleston (20:07, 09/07)*

- Created high-level diagram for Phase I of design document: *William Bracho Blok (20:10, 09/07)*

- Wrote Section IV of design document: *Rebecca Schofield (20:15, 09/07)*

- Wrote Section III/Phase II of design document: *Brandon Jackson (20:19, 09/07)*

- Set up DB Engine framework: *Rebecca Schofield (15:32, 09/14)*

- Worked on several functions in DBEngine: *Rebecca Schofield (18:22, 09/14)*

- Contributed on initial design of DBEngine: *William Bracho Blok (20:12, 9/14)*

- Defined some functions for the relation and attribute classes for the DBEngine:*William Bracho Blok (22:50, 9/15)*

- Began completely reformatting DBEngine: *Rebecca Schofield / Brandon Jackson (11:05, 09/15)*

- Finished reformat of DBEngine and began conditions: *Rebecca Schofield / Brandon Jackson (10:57, 09/21)*

- Completed tokenizer (lexer) function for the parser: *William Bracho Blok (7:30, 9/22)*

- Designed some function for the parser: *William Bracho Blok (20:23, 9/22)*

- Wrote commands for the parser: *Rebecca Schofield (22:23, 9/22)*

- Wrote OUTPUT.txt for parser submission: *Rebecca Schofield (23:05, 9/22)*

- Defined classes for the parser: *Alex Huddleston / William Bracho Blok / Brandon Jackson / Rebecca Schofield (23:27, 9/22)*
